

What are the roles of the Holy Ghost?

I loved preparing this lesson. I learned a lot! This lesson focuses on the roles and importance of the Holy Ghost. I think it touched on some points that were new to me and things I don't usually think about when I consider the Holy Ghost's impact on my life.

The 3rd member of the Godhead is vital to our spiritual well being! This is the reason I chose the quote for the handout. It is by Elder Adrian Ochoa. I thought a cute handout would be to attach the image to a small plastic bag with little red candy hearts. Because valentines is right around the corner you can find chocolate hearts wrapped in red foil or red gummy hearts, etc. I have attached a JPEG as well as a PDF with 3 images to a page.

For slides 2-5 I copied the quotes and scripture references onto a separate page so that I can cut them out and hand them out to the girls before class starts. If their quote has a scripture reference I am going to ask them to look up the scripture and be prepared to read them to the class along with their quote. I have 16 girls so having them participate keeps them focused! If your group is smaller you can just have the girls take turns reading the slides as you move through the lesson.

Slide 8 is an object lesson/analogy that I got from [Mormon Share](#). The video I chose is called **"Increase Your Testimony."** I LOVED this video! It made me teary and I think it will definitely bring the Spirit. That's our goal right!

Slide 15 is a quote from LDS author [Anthony Sweat](#).

Have a great lesson! Let me know if you have questions or problems downloading files. If you need the Poer point converted to an older version of Power Point let me know. I have had a couple people contact me with that issue and I can convert it and email it to you. :)
